Bachelor in Computer Science. Focused on backend, full-stack, and mobile applications using JavaScript, Node.js, Flutter, and PostgreSQL. Strong interest in scalable systems, clean code, and real-world problem solving.

## Academic Education

- **UENP – State University of Northern Paraná**  
*Bachelor in Computer Science*

**Bandeirantes, PR**  
2016–2023

## Languages

- **Portuguese:** Native
- **English:** Upper-Intermediate (B2)
- **Spanish:** Basic

## Technical Skills

- **Programming Languages:** JavaScript, Python, Dart, Java, C.
- **Frontend:** React.js, HTML5, CSS3.
- **Backend:** Node.js (Express), RESTful APIs, authentication and authorization.
- **Mobile Development:** Flutter (API consumption, UI development).
- **Databases:** PostgreSQL, MySQL, Firebase (Firestore).
- **Tools & DevOps:** Git/GitHub, Docker, Postman.

## Projects

- **Card Games Hand Analyzer (Web Application)**

Card Games Analyzer • Developed a full-stack application to analyze games hand histories. • Backend built with Node.js and Express, parsing hand history files and exposing REST APIs. • Frontend built with JS, HTML and CSS, displaying statistics and hand breakdowns. • Database: PostgreSQL. • Focus on clean architecture and modular code structure.

- **Clinical Management Mobile App**

• Developed a Flutter mobile app for clinics. • Features include authentication, patient/professional roles, appointment scheduling, and PDF handling. • Firebase Authentication, Firestore, and Firebase Storage.
